

SEE FIRST ACADEMY kicked off

The Academy is now available. It is a virtual space having a supporting infrastructure dedicated to all SEE FIRST users and community of practice. The Academy gathers a community of Experts in the topic of soft skills for job seek and offers live help function and Forum feature to whoever registers to it. Visit the website and discover all the options to share your knowledge and exchange with fellow members!

Pilot test: an interactive session to try out SEE FIRST results

In each Country of the consortium a piloting session took place during the month of February: in the form of a promotional event for the pilot training activities, the workshops wanted to generate awareness among target groups about the project results, the SEE FIRST Training Program and Tools comprising:

TOOLS

- Transversal skills framework which includes methods and tools for assessing the gap and a framework for recognizing skills and achievements
- Transversal enhancement strategies and actions
- Skills Genie online tool
- SEE First Academy virtual space with supporting infrastructure

The most important goal was to make SEE FIRST known and publicize the multiplier events, the final stage and conclusive step of SEE FIRST' long journey.

Multiplier events in partners' countries

Those workshop events are nowadays being organised in Greece, Italy, UK, Cyprus and Spain. Their aim is to validate the project results, engage the target groups and provide final versions of materials at the end of the project.

The **participants** involved in such trainings are:

- Recent high school graduates
- Recent or undergraduates of post-secondary education, or HE
- Vulnerable young individuals, for example unemployed, disadvantaged, migrants
- Recent young employees, who wish to improve their soft skills within the existing professional context, in order to be competitive for an upgrade or a new job offer.
- Trainers and teachers who want to incorporate new soft skills in their curricula
- Employers, Training Centres (VET), Career guidance counsellors, Recruiters, HR departments

The **events are evaluated** by asking the participants to fill in an anonymous questionnaire.

Make sure you follow us on our social media channels to discover when and where the next Event will take place, a great occasion to boost your soft skills not to be missed!

Reading

Articles on soft skills are now available on the website and social media of the project: read them all!
